Hello HAHA Member,

I'm pleased to let you know that as the province enters its province wide lockdown period, an exemption has been made for outdoor shooting facilities. Therefore we can reopen for most activities starting on December 26th.

There are some additional rules that must be followed for us to do this. They are as follows:

1. All members must maintain a distance of 6 feet from each other at all times regardless of activity. Members of the same household are exempt from this rule.
2. The clubhouse remains closed at all times. The trap lounge will be open on Wednesday afternoon and Sunday so members may buy tokens. A maximum of one person may be in this area at any time.
3. Only one person may be in any washroom at a time. Please knock and if someone using it, wait outside or come back later.
4. Indoor archery building is closed at all times.
5. Skeet fields must either have a designated puller or the button be placed on the ground when transferring it to another puller. Traditional person to person passing of the button is not permitted.
6. Absolutely no guests or non members are permitted on club property at any time. Service people are exempt.

Please consider these rules to be in effect until you hear back from me that there is a change or amendment.

Our reopening plan is entirely dependent on everyone following the above rules at all times along with our existing club and range rules. **These rules will be strictly enforced.** Members of the executive have the authority to ask you to leave if you are caught violating any of them. I'm asking that we all respect and follow them so we can continue to shoot during this otherwise dismal time.

Please do not hesitate to contact me if you have any questions.

Regards,

Rob Ludwig
